THE THEATRES

POLIT'S

Geo. M. Cohan has had and still has many "imitators." Carter DeHaven who this week headlines Polit's bill with "The Yankee Prince," is the only real "successor" to the famous "Yankee Doodle Boy." Mr. DeHaven who is delighting audiences daily with a series of new dances and songs was sufficiently "Cohanesque" to succeed Geo. M. when the latter's health broke down recently, and it was Mr. DeHaven who took Cohan's part in the "Yankee Prince" and practically finished out the season in that role. Mr. DeHaven recently entered vaudeville and with his beautiful Florida Barker is presenting a brand new, snappy Broadway song and dance act de luxe. DeHaven & Barker have won immense popularity at Polit's week.

The champion roller skaters of the world, Earle Raymond and Nellie Donahue, are one of the best features of the bill this week. Fancy and trick skating combined with some beautiful roller skate dances and a series of startling evolutions on the rollers combine to furnish one of the most novel and entertaining of acts. Gordon Elbert & Co. in the laughable vaudeville "Won't You Be a Lady" win the big laughs of the bill. Little Johnny Busch who is but seven years old, and the youngest performer in vaudeville, has an amusing monologue and his father and sister help him out with comedy gymnastics. Dixon Brothers, vaudeville musicians, will be featured in "Twenty Minutes of Variety." Ruby Raymond & Co. in acrobatic and buck and wing dances and good singing; and new live motion picture sketches, will live the average.

The world's most perfect woman, Charmion, will be the topline offering at Polit's next week, coming direct from a long and successful New York engagement. Charmion is said to be the most wonderful woman in the universe in point of physical development. It is promised that Charmion will be the season's vaudeville sensation in Bridgeport week.

SMITH'S

This evening, and again Friday afternoon and evening, with a complete change of bill for the second day, we will see some of the finest pictures, and hear two of the latest popular illustrated songs, and the big theatre should be filled to its capacity at every performance. There is nothing in the line of pictures which can compare with those shown at Smith's, they are not only of the best subjects, but they are shown in such magnificent manner that no other place in the city is possible. The big screen, the big seats, all the latest and best to be secured, are shown, and two of the most enjoyable songs are rendered. The evening hours are from 7 to 10, and Friday afternoon, from 1:30 to 5, you will see exactly the same program as at night. Smith's is an ideal place in which to spend an evening or to see the pictures are on, for you can drop in at any time, stay as long as you please, and sit just wherever you choose. Don't fail to see these bills presented, and you will certainly enjoy every moment of your stay, and will be sure to see again.

Fred Niblo returns to-morrow evening for another of his "Talks of Travel in Distant Lands." This time he will present "Egypt, From Cairo to Thebes," offering a pictorial pilgrimage throughout ancient and modern Egypt, that is strikingly attractive. This entertaining zig-zag journey through Egypt, old and new, is amplified with hundreds of superb color views augmented by marvellously lifelike motion pictures supplemented by numerous panoramic photographs. The illustrative material shown is the personal work of Mr. Niblo, taken on the spot with snapshot, flashlight, motion picture cameras and the panoramic equipment. Thus in his "travel talks" Mr. Niblo is enabled to literally transport his audiences into the very heart of Egypt, the Mother of Nations, the Cradle of Civilization, the Alpha and Omega of the peoples of past centuries, as well as portraying in words and pictures the life and customs of the weird life and customs of the mysterious people in this the most mysterious country of the world to-day. This second "travel talk" follows in natural sequence after "Africa," which was recorded such enthusiastic appreciation when presented by Mr. Niblo at this theatre recently.

The production of Denham Thompson's "The Old Homestead" this season is said to be the best play has ever received for it includes not only the old favorites in the cast and some new talent, but a lot of new scenery, in itself one of the most attractive and realistic features of this famous drama of New England rusticity. From its crude beginnings when first launched on the uncertain sea of stage popularity, "The Old Homestead" has been developed year after year, until now it sails proudly and triumphantly in the snug harbor of perennial favor. Now, however, as in its earliest career, it legends for that popularity mostly as upon the fact that it so truthfully shows the mirror up to nature, and in so doing presents a series of faithful characters, sketches typifying diverse phases of city and country life. Old favorites who have been with the play for many years and are still identified with it are Charlie Clark, the play's Seth Perkins, Frank Knapp as Ed Ganey, Fred Clare as Happy Jack, Gus Kammerlee as Henry Hopkins, Maggie Rogers as Aunt Matilda, and Anita Fowler as Ricketty Ann. The famous double quartet of farm hands is said to be the strongest the company has ever had, and from a musical standpoint, the play is a masterpiece. Some Saturday next, with a special bargain matinee.

Don't forget that the sale of seats for the annual production, Robert M. Sperry's merry musical satire, "The Show Girl," will open next Monday morning. The same popular prices as heretofore will prevail, and there will be daily matinees. "The Show Girl" is expected to be Mr. Sperry's best and strongest offering, and he has made elaborate preparations to ensure its success.

WHEN YOU GO FISHING

BE SURE YOU GO RIGHT AS A GOOD TACKLE PROVIDES HALF THE SPORT.

Those who intend to go fishing should visit the rod and gun store of D. D. Smith, 40 Fairfield avenue, opposite Polit's theatre. There everything in the tackle line can be found that is necessary for a successful fishing trip or an outing in the woods. The stock of the store includes the best type of reels, landing nets, lines, leaders, hooks, cradles, bait boxes, fish casting spoons, fly books, rods, and scores of other articles that go to make the equipment complete. The line of rods is carried by this store is second to none in the State and includes graceful products of various weights so that every disciple of the great Winton, surrey, and fly, will find what he has as to what a rod should be to suit his own ideas.

There are rods in bamboo, steel, lance, well as of green heart. The proprietor is able to carry this large line because of his acquaintance with the business and the needs of the people for several years, and because the prices are kept so low that it does not require a small fortune to go out to some favorite stream, and go right.

American Gunboat Scorpion

Escapes Submarine Explosion

Naples, April 26.—Eleven men were killed and eleven others wounded as a result of the explosion here on board the American gunboat Scorpion, although only 90 feet from the Foca, suffered no damage. Launches from the great Winton surrey, and fly, will find what he has as to what a rod should be to suit his own ideas.

Fairfield County News.

Darien Officers Active.
The Darien constables were again a terror for automobilists Sunday. The roadside court was also in full operation. E. T. Holmes, a student of the Harston school, Norwalk, was hailed by the constable for speeding and a measured quarter of a mile in thirteen seconds. The best time for this distance under the law is eighteen seconds, Justice William H. Willmott, Jr., imposed a fine of \$5 and costs. It was said that the costs totaled \$10.

Last week, Andrew Kirkpatrick of New York, who was arrested by the Darien constables on the ground that his automobile had exceeded the legal speed of 15 miles an hour, while passing through the town, appeared to answer to the charge. Justice William H. Willmott, Jr., imposed a fine of \$10 and costs. Greenwich firemen are pointing with pride at the automobile chemical apparatus. It weighs 6,000 pounds, and has a siren whistle, a large brass bell, and a powerful revolving searchlight for night work. It is designed to carry six men, although more could be taken easily. It is fitted with a 40-horsepower engine which can easily speed at a rate of over 50 miles an hour. The step hills cause but slight reduction in the speed. The fire-fighting apparatus consists of two 35-gallon tanks for the chemical mixture and 250 feet of 1 1/2 inch hose. The chemicals are sulphuric acid carried in a bottle holding slightly over a quart, and bicarbonate of soda already in solution in the tank at six pounds to thirty-five gallons of water. In each of the tanks, which are kept loaded with water and bicarbonate of soda, is a bottle of sulphuric acid, which needs only to be poured into the main tank by turning a valve on the outside. The whole mixture is stirred a moment by a stirring apparatus turned from the outside. Then the fire destroying chemical is ready to be thrown on the flames.

The employees of the Shelton Water Co., while at work Wednesday received a shock when Wm. Ryan, one of the oldest of the company's employees, suddenly fell dead while conversing with his fellow workmen. He had just taken his pipe from his pocket, filled it and was in the act of lighting the stem when he suddenly fell forward and instantly expired. Death was undoubtedly caused by heart trouble, though it was not known that Mr. Ryan had ever before been affected by any such disease.

A MONEY-BACK HAIR GROWER AND DAND-RUFF CURE

Read what Mrs. H. Lawrence, 158 W. 17th Street, Holland, Mich., writes about the marvelous results obtained from the use of Parisian Sage, the delightful hair tonic, which is now on sale all over America.
"For several months my hair had been falling out and dandruff also appeared. I used some so-called hair tonics and renewers but never received any relief from the scalp disease until I procured Parisian Sage, and used it for about two weeks. Parisian Sage made the hair stop falling out, and caused it to grow in quite heavily, stopped the dandruff, and made the scalp cool, clean, and comfortable. It also leaves the hair silky, and does not make it stiff or sticky. I endorse the use of Parisian Sage. It is all right."—October 30, 1904.
Leverty Bros. are the agents for Parisian Sage in Bridgeport and they think so well of it that they guarantee to cure dandruff, stop falling out, itching, or itching of scalp, in two weeks, or money back. It will make any woman's hair soft and luxuriant in a few days. Price 50 cents a large bottle. Leave it to Leverty Bros., all charges prepaid, from the American makers, the Groux Mfg. Co., Buffalo, N. Y.

CLEAN EASY.

A hand soap for mechanics or anybody who runs an automobile. Try it.

Wm. R. WINN, 629 Water St.
